Project Description

Genesis KAC Skirting is an all aluminium clip on skirting. The design of the skirting allows for cable management and the clip on system means that the skirting can be interchanged easily with little disruption to visitors to the centre. The KAC skirting is available in both 70mm and 80mm options; Fitness First elected to use the 80mm. Fitness First are in the process of refurbishing a number of its 160 UK centres with Genesis Skirting the product of choice.
